Welcome to AmeriHealth Caritas Florida
Let’s get started!

- You should have received your member ID card in the mail. If you didn’t receive it, or the information is wrong, call Member Services. Each member of your family in our plan will have their own ID card.

- Now you need to choose an AmeriHealth Caritas Florida primary care provider (PCP). To search for a provider or view the full directory, go to www.amerihealthcaritasfl.com and choose Member homepage. Click on Find a doctor, and then click Search for a provider. You can change your PCP at any time.

- Call your PCP to schedule a checkup. To help you have better health, you should see your doctor at least once a year. There is no cost to you for any of your covered health plan services.

- Help us keep you healthy by completing the Initial Health Screening Questionnaire in this packet. It only takes a few minutes to complete. Please mail it back to us using the postage-paid return envelope.

- Our Member Services team is here to help you with general questions. You can call them at 1-855-355-9800.

Did you know?

• You can read more about your benefits and your Member Rights and Responsibilities in the Member Handbook found at www.amerihealthcaritasfl.com.

• You can register for the member portal to see your PCP’s information, see your recent medical history, request a new ID card, and more. To sign up, go to www.amerihealthcaritasfl.com, click Members, and then click Sign in to the member portal.

• Visit the Getting Started page on our website to find important forms like the Personal Representative Form (helps you choose someone to make care decisions for you in certain situations) or the Authorization for Disclosure of Health Information (allows your new health care provider to get access to your medical records).

Download the AmeriHealth Caritas Florida mobile app at no cost to you

From the app you can:

• See an electronic version of your ID card and fax it from your phone to your health provider.

• Find a health provider or pharmacy near you.

• View your recent health history, and more!

Standard messaging and data fees may apply. Scan the QR codes on the next page to download the app.

Emergency and urgent care: What’s the difference?

An emergency is when you are so sick or hurt that your life or health is in danger if you do not get medical help right away. A behavioral health emergency exists when you have feelings of hurting yourself or others. You should go to the hospital emergency room (ER) only when there is a life-threatening issue.

Urgent care is for conditions that are serious but not emergencies. Urgent care centers offer quick services for issues such as:

- Flu or cold.
- Earaches.
- Sprains.
- Rashes
- Minor cuts and burns, and minor eye injuries.

If you’re not sure where to go, call your PCP to help you decide if you need to go to the ER, an urgent care center, or the PCP’s office. If you cannot reach your PCP, our 24/7 Nurse Call Line is always there for you at 1-855-398-5615.

To search for a provider or view the full directory, go to www.amerihealthcaritasfl.com. Click Find a doctor, and then click Search for a provider. You can change your PCP at any time.
Child well visits

A well visit is a complete medical checkup. It is not just shots. Well visits help make sure your baby, child, and teen are growing up healthy. If your child’s PCP finds a problem, it should be treated early and monitored.

Getting a well visit is easy. Call your child’s PCP to make an appointment. Well visits are provided at no cost for kids from birth up to age 21. Make sure your children get checkups at each of these ages:

- 3 to 5 days.
- 1 month.
- 2 months.
- 4 months.
- 6 months.
- 9 months.
- 12 months.
- 15 months.
- 18 months.
- 24 months.
- 30 months.

Children ages 3 to 21 should have a well visit each year.

Telehealth services

You can get the help you need right from home. Telehealth appointments are available with MDLIVE® at no cost to members. Telehealth services from MDLIVE are in addition to telehealth services your primary care doctor might have available. MDLIVE’s physicians are trained for virtual visits. They can help 24/7/365 with over 80 routine conditions, like:

- Cold symptoms
- Respiratory issues.
- Sore throat.
- And more.

To sign up for MDLIVE or connect to an MDLIVE health care provider:

Call 1-877-601-0641.

MDLIVE is only for routine medical care. If you have an emergency, call 911.
Getting to and from your appointments

You can get rides to things like medical and behavioral health care visits, dialysis, X-rays, lab work, urgent care visits, pharmacy visits, and more.

For non-emergency transportation, call Transportation Services at 1-855-371-3968. Be sure to call at least two days before your appointment.

Contact Transportation Services to learn about the mileage reimbursement program.

To cancel a ride, call Transportation Services as soon as you can.

Your pharmacy benefits

As an AmeriHealth Caritas Florida member, you have benefits to cover your medication prescriptions at no cost to you, including some over-the-counter (OTC) medicines.

When you get a prescription, take it to an AmeriHealth Caritas Florida participating pharmacy. Visit our website or call Member Services for a participating pharmacy near you. If you are at the pharmacy and having trouble getting your medicine filled, don’t leave the pharmacy. Call Pharmacy Member Services at 1-855-371-3963 for assistance.

Behavioral health care

We cover many services that can help with issues you may be facing, like anxiety, depression, or substance use. You do not need a referral for behavioral health services. For help finding a provider, you can use the provider directory at www.amerihealthcaritasfl.com or call Behavioral Health Member Services at 1-855-371-3967.

Report fraud and abuse

Reporting fraud and abuse is the law. Fraud is a false statement from someone who knows that the statement is false. Abuse is when someone does not follow the rules but may not be intentional. This wastes money. If you think someone is abusing the Medicaid system, you must report it. For more information, please see your Member Handbook. To report suspected fraud and abuse, please contact:

Adult preventive health care

You should go to your PCP for a checkup at least once a year. This could help your PCP find potential health problems early.

Preventive health services include:

- **Women's health**: well-woman exams and mammograms.
- **Prenatal care**: regular visits with a provider during pregnancy.
- **Adult health**: annual well visits, risk assessments, routine lab tests, preventive counseling, diet and exercise, and adult vaccinations.
