Care Gaps Response Form

The Care Gaps Response Form functionality allows providers using the NaviNet portal to enter Care Gap resolution data online. This data will be captured and stored along with any supporting documentation. Providers will be able to retrieve and report on specific Care Gap changes. Verified Care Gap resolution updates will be applied in real-time within NaviNet to prevent Care Gaps from continuing to appear as alerts.

Reviewing the Status of a Care Gap

Once you have submitted the **Care Gap Response Form**, a Quality Reviewer from our team will review the information provided and return a status of Approved or Rejected based upon the attached documentation. Once the Care Gap Response has been approved, the record or alert will no longer appear in your queue. Any approved record will move to the “up-to-date” section in the **Care Consideration Screen** for that member, while rejected responses will show Rejected in the **Response** column.

The Care Gap status can be reviewed in the **Response** column of the **Care Consideration Detail** screen. This field will display one of the following:

- Saved/not submitted: You have saved your response but did not submit it yet.
- Submitted: You have completed all necessary steps and submitted the information.
- Response Required: You have not yet responded to the Care Gap.
- Rejected: Your response has been rejected by the Quality Reviewer.

The screenshot shows the 'Care Consideration Detail' screen for a member. At the top, it displays member information: 'Member Name: female born on 09/02/1955 (62 yrs old)', 'Member ID', and 'PRIMARY CARE PROVIDER LAST SEEN' with 'Provider Name' and 'NPI:'. A note states '**Claims processed through End of Month August 2017**'. Below this is a 'Care Consideration Detail' section with a 'Response Required' heading. A table lists three care gaps:

Condition	Service	Status	Date of Last Service	Last Known Result	Response	Frequency
Diabetes	Diabetes HbA1c Test	Overdue	12/01/2014	7	Rejected	At least once every 6 months
Diabetes	Diabetes Microalbumin Test	Overdue	04/22/2015	0		At least once per year
Preventive Health Screens	Breast Cancer Screen	Overdue	05/04/2015			Once every 27 months

A 'Resolve Care Gaps' button is located at the bottom right of the table.

If your Care Gap Response is rejected:

- You will see a new alert in the **Activity** tab in NaviNet.
- On the **Care Consideration Detail** screen for that patient, you will see the status in the **Response** column as **Rejected**.
- Once in the **Care Gap Response Form**, select the rejected Care Gap and read the Quality Reviewer’s notes before resubmitting your response.
- The notes grid in the form will include all previous comments related to the Care Gap from both you and the Quality Reviewer.
- You can click **Resolve Care Gaps** to work that Care Gap again.

The Care Gap will not be removed from your list until approved by the Quality Reviewer.

Important Notes

- Once the Care Gap Response Form has been completed you can choose to **Submit** or **Save for now**. Responses saved for now will remain active for 30 days only.
- Avoid clicking on the **Appian** logo on the **Care Gap Response Form** as this will cause the the screen to auto-refresh.

The screenshot shows the 'Provider Self-Service' header. A red arrow points to the Appian logo with the text 'Avoid clicking the logo.' A red 'X' is placed over the Appian logo. Below the header, the page is titled 'Health Plan' and includes a sub-section 'Member & PCP Details'. Under 'Member Details', there are fields for Name, ID, Age/DOB (62.09/02/1955), SSN (last 4 digits), and Phone. Under 'PCP Assigned', there are fields for Name, Address, and Phone. - When the **Care Gap Response Form** remains inactive for more than 60 minutes, a pop-up warning will appear to notify you that your session is about to expire. To remain active, select **Resume** within 5 minutes of the notification to continue to work the Care Gaps.

- The form will time-out within 5 minutes if you do not click **Resume**. The log in screen below will appear once you have timed out. You will need to close this window and instead log into NaviNet.
