

## Early Intervention Services (EIS) Billing Guide

### *Fee Schedules, Billing Codes, and Authorization Requirements*

Prestige Health Choice provides coverage for EIS services in accordance with Florida Medicaid rules and contractual requirements. Prestige utilizes the procedure codes and modifiers listed in the associated fee schedules found in the table below.

Please note the following significant change: Beginning with service dates on or after 4/1/20, the therapy procedure codes **must** include the TL modifier to indicate the services were provided for a member receiving Early Intervention Services (EIS). This change does **not** apply to services listed on the Early Intervention Services (EIS) Fee Schedule.
